

MAYOR OF LONDON

Cleaner Heat Cashback

London Boroughs Energy Group - 16 October

Sarah Fletcher

Principal Policy & Programme Officer – New Energy Efficiency Programmes

MAYOR OF LONDON

SCHEME OVERVIEW

- £10 million scheme targeted at Small and Medium sized Enterprises (SMEs)
- First scheme of its kind aimed at the commercial sector
- Developed following stakeholder workshops with input from a range of organisations, including industry and business support services

Aims:

- Improve air quality by reducing harmful NO_x (Nitrous Oxide) and CO₂ (carbon dioxide) emissions
- Help achieve the Mayor's ambition to make London a zero carbon city by 2050
- Boost commercial energy efficiency across the capital
- Enable businesses to cut their costs

MAYOR OF LONDON

SCHEME ELIGIBILITY CRITERIA

Applicants:

- **properties** must be businesses in London
- **applicants** must be a Small or Medium sized Enterprise (SME)
- **applicants** must be one of the following (in relation to tenure):

HOW YOU CAN HELP

Spread the word

- Add details of the scheme to your website in both the general business support and environmental sections
- Spread the word via social media: from Twitter to Facebook – we can provide marketing materials if needed
- Include information in newsletters or borough publications
- Distribute flyers
- Let us know about any events you think it would be helpful for us to attend
- Pass details of the scheme on to your business support colleagues

Explore complementary offers

- Combine with existing funding – e.g. business loans
- Link in with Carbon Offset Funds to provide match-funding or upfront payments
